## SUMMARY

---

Hi, my name is Shouvon Shingha, and I'm from Berhampore, Murshidabad. I completed my MCA from Brainware University in 2022. Recently, I finished a React JS course from Webskiters Academy, where I gained hands-on experience with React JS, Redux, and Material-UI. I've built several projects, including an e-commerce website, a CRUD application, and a file uploader etc. Now I'm ready to apply my skills and knowledge in web development as a frontend developer.
